RAILROAD STRIKE ATTAINS NATION WIDE PROPORTIONS

BRITISH OPPOSITION TO FRENCH OCCUPATION OF GERMAN CITIES PRECIPITATES GRAVE SITUATION

Lloyd George is Rebuked By French Press For Abandoning France In Her Hour of Peril—United States and Italy Expected to Follow Cue of England—France May Insist Upon Right to Watch Huns

PARIS, April 9.—The decision of the British cabinet opposing the advance of French troops into the German neutral zone from the Rhine was laid before the French ministry today by Premier Millerand.

Following the cabinet council, it was stated that no action had been taken, but that another meeting would be held at 6:00 o'clock this evening.

A note had been received from London early in the day defining exactly the attitude of Great Britain on the occupation of Frankfurt by the French.

This was a day of momentous diplomatic meetings. The council of ambassadors met during the morning when the British note was read. Later the council of the league of nations was in session, but it was considered unlikely that the diplomats would consider the German question as it was understood that they did not have sufficient data on which to base a decision.

LUMBER COSTS TO GO OUT OF SIGHT, REPORT

CHICAGO, April 9. — All lumber mills in Wisconsin, Michigan and Minnesota, numbering approximately 2,000, will be closed down May 1, it was disclosed here today by D. W. Baird, president of the D. W. Baird Lumber Company.

The shut down will be the answer of the lumber manufacturers to the demands of the timber workers, who have been unionized, for an increase in pay to 75 cents an hour, Mr. Baird said. Such a lockout will mean a temporary curtailing of lumber production, and that prices, which have already reached unprecedented heights, will soar still higher.

NO PROSPECTS OF SETTLEMENT OF THE TELEPHONE STRIKE

Prospects for settlement of the telephone operators' strike seemed as hopeless Friday as when the girls walked out three weeks ago. Manager W. E. Lyons made the following statement:

"According to an article published Wednesday evening, the grievance committee of Trades Council, consisting of Fred Tish, Guy Leech and Elwood Harris, have said that they would not permit the long distance companies to furnish their own operators and operate the long distance lines; thus depriving Coshocton of a service that it should and could have without involving any local differences between the Coshocton Telephone Company and its operators. As has been said before, the Central Union and Ohio State companies have agreed to furnish this service only from public pay stations and eliminate any local service.

"The public is entitled to know that the responsibility of their being deprived of long distance service now rests with this committee."

SHELL BEACH HOTEL DESTROYED BY FIRE

NEWARK, O., April 9.—Shell Beach hotel on the south side of Buckeye Lake, was destroyed by fire late Thursday afternoon. The flames started from a stove in the kitchen. The building was occupied only by the caretaker.

The hotel was owned by the Ohio and West Virginia Motors Club Co. The loss is about \$20,000, which is partly covered by insurance.

ARREST OF WOMEN PICKET LEADERS ENDS IRISH "ATTACK" ON THE BRITISH EMBASSY

Police Captain Robert Emmett Doyle arresting Mrs. Walsh and Miss Barrie.

Picketing of the British embassy in Washington by women with placards attacking the British attitude toward Ireland, has been suspended until after the hearing of the cases of the women pickets arrested shortly after the picketing started. The women were loaded into a patrol wagon in front of the embassy building. The photo shows two of them being assisted into the machine.

RENT CONTROL IS UP TO THE LEGISLATURE

Committee Named by Cox to Draft Ordinance Calls On Solons

COLUMBUS, O., April 9.—Renewed effort is to be made to induce Governor Cox to call a special session of the state legislature to enact legislation designed to curb rent profiteers. It is understood.

Instead of drafting a proposed uniform ordinance, to be adopted by the municipalities throughout Ohio, with a view to putting an end to excessively high rentals, the committee of city solicitors at its conference here decided to inform Governor Cox that the cities are unable to regulate this situation without aid from the state legislature.

The majority judgment of this committee appears to be that the state eviction law prevents proper action by city officials. This law authorizes landlords to force tenants out of their homes after three days' notice. Members of the committee believe a special legislative session should be called and this law amended by requiring landlords to give a 30-day, instead of a three day notice before eviction can be forced.

Some of the committee members, also, were of the opinion that the legislature could perform more effective service than municipalities in regulating rents. In its report to the governor, the committee will urge that steps be taken for the purpose of encouraging house building.

Governor Cox is not expected to return from Alabama until the first of next week. Officials at the governor's office did not comment on the situation.

FARM BUREAU TO URGE LIME'S USE IN COSHOCTON-CO

Executive Board to Meet Saturday Evening at Offices Here

The executive board of the county farm bureau will meet Saturday evening, at 8 o'clock in the farm bureau rooms in the Coshocton National bank building. One of the main objects of this meeting is to encourage the county farmer to use and to form the habit of using lime and plenty of it on the soils so as to make better grain crops and also to make a better clover crop.

County Farm Agent Musgrave asserted that the lime question will be discussed at the different meetings for two solid months.

The placing of the five state aid farmers' institutes will also be one of the important parts of the meeting. E. C. Darling, the president of the executive board will have charge of the meeting.

THIS ADMIRAL WAS RESPONSIBLE FOR FALSE REPORT OF THE END OF WAR

WASHINGTON, April 9.—The active vessels of the fleet were better prepared for war in 1917 than they had ever been before, Admiral Henry B. Wilson, now commanding the Atlantic fleet, declared today before a subcommittee investigating Rear Admiral Sims' charge of unpreparedness of war.

"I have no hesitation in saying no nation upon the approach of war has had a force of battleships more nearly prepared for battle than was the force to which I was attached and which spent the winter of 1916-17 in southern waters," Admiral Wilson said.

Many Guessers Believe City's Population Is Eightieth Of Million

Estimates on the population of Coshocton as revealed by the 1920 federal census continue to filter into the Tribune office, altho the bulk of the guesses is in. However there will be no guess rejected until the result of the count is flashed over the private telegraph news wire to this office.

A message has been dispatched by the Tribune to the federal census bureau at Washington requesting that the announcement of the city's population be made at the earliest convenience of the bureau, but the system employed by the census takers necessitates Coshocton awaiting her turn in the regular scheme.

A significant fact revealed in the classification of the guesses is that only a fraction of one per cent guesses estimated the population at less than 11,000, while the majority of those who took a chance placed the figure above 12,500.

In the light of the disappointments in the result of the count at Zanesville and Cambridge, it is believed Coshocton's population will not reach the 12,000 mark, but in this belief the opinion of one is probably as good as that of another.

Coshocton is anxiously awaiting the official announcement of the figures and the determination of the winners of the three cash prizes offered by the paper for the closest guesses.

RAILWAY STRIKE SITUATION TODAY

CHICAGO, April 9.—Here is the national railroad strike situation at a glance:

Chicago—From 8,000 to 25,000 switchmen, yardmen, engineers and firemen on strike, the number varying according to rival claims of both sides; freight traffic 30 to 40 per cent normal according to railroad heads, but completely tied up, according to strikers; stock yards practically shut down, with 40,000 men idle. Many lines of industry affected.

New York City—10,000 switchmen out; Jersey City freight yards completely tied up.

Kansas City, Mo.—500 switchmen and yardmen out; many industries affected.

St. Louis—4,200 to 10,000 switchmen and yardmen on strike; freight tied up; stock yards badly hit.

Buffalo—From 1,500 to 2,700 on strike; freight embargo imposed.

Los Angeles—1,200 men or more on strike; many industries affected.

Toledo—600 switchmen out; complete freight tie-up threatened.

Detroit—1,500 men out; complete freight tie-up expected.

Pittsburg, Pa.—500 switchmen and yardmen out.

Salt Lake City—215 men on strike.

Saginaw, Mich.—200 switchmen out.

Ogden, Utah—200 switchmen and yardmen out.

Syracuse, N. Y.—250 men out.

Memphis, Tenn.—500 yardmen vote to strike today.

Rosedale, Kans.—500 switchmen out; Governor Allen declares that industrial court law will be invoked against them.

Beaver, Pa.—500 switchmen and yardmen out.

Colton, Cal.—50 switchmen on strike.

Elmira, N. Y.—100 men on strike.

San Francisco—Many switchmen out; other strikes starting at Baskerville, Fresno, Oakland and Mojave; perishable freight and live stock embargo declared.

Kankakee, Ill.—East St. Louis, Centralia, Springfield, Urbana, Decatur and Champaign, Ills.—500 switchmen and yardmen on strike.

Youngstown—150 switchmen out.

At Cleveland and Denver the men are voting whether to strike or remain at work.

At Omaha—1,500 switchmen and yardmen met, but reached no definite decision.

At Council Bluffs—A like number declared themselves as being in sympathy with the strike and held themselves ready for a strike call.

At Louisville and Ft. Worth, Texas, and St. Joseph, Mo., the men voted not to strike. Freight embargoes were declared at New Orleans and Tulsa, Okla.

At Ft. Wayne, Ind.—3,000 railroad shopmen returned to work, winning a wage increase, but losing their fight for a closed shop. This decision is regarded as important as there has been much strike agitation among the 400,000 railroad shopmen of the country.

At Gary—400 switchmen and yardmen out; 12,000 men thrown out of work at steel mills, which are gradually closing down.

Union heads of five allied railway trades, representing 980,000 men, intend to force the issue with the railroads for an increase. If this is not granted the men will walk out.

That the trouble may spread to Canadian railways was indicated in reports from Montreal, which declared that 400,000 employees of Canadian railroads are preparing to demand an increase in their wage scale.

TWENTY CITIES AFFECTED FRIDAY AND OTHERS JOINING THE RANKS OF OUTLAW STRIKERS HOURLY

Union and Railroad Heads Declare Movement of Freight at Chicago is 50 Per Cent Friday—Strikers Say No Freight is Moving—Haywood and I. W. W. Joyful Over Developments—Strikers Defy the Government

CHICAGO, April 9.—A nationwide railroad strike developed from a threat into a fact today.

Despite reassuring reports from railroad officials and the heads of the brotherhoods that normal conditions are gradually being restored here, reports poured into Chicago almost hourly of new additions to the strike in other cities and with twenty cities already affected, the trouble assumed national proportions.

Realizing that Chicago is the heart of the trouble, the railroad and brotherhoods heads are concentrating every effort to break the backbone of the strike here, feeling that if this can be accomplished the strikes in other cities will subside rapidly.

In the meantime, however, railroad service thruout the country has been seriously crippled, with a consequent serious effect on industry generally, and in some quarters wonderment is expressed that the government does not take speedy and drastic steps to crush it.

Thus far the only governmental action has been a proposal by President Wilson to appoint a wage board to settle the walk-out—a suggestion sneered at by the strikers—and the sending to Chicago of G. W. W. Hanger, of the board of mediation and conciliation, who came here merely to make a survey of the situation and without authorization to offer government mediation. His lack of mediation powers, it was explained, was due to the fact that the government does not intend to recognize the "outlaw" unions to that extent.

The latest bulletin from the district chairmen of the railroad brotherhoods, which are fighting for their very existence in their attempts to smash the strike declares that there has been a noticeable, tho slow improvement in the situation here and continues:

"Men drifted back to work in groups Thursday, and conditions in the district appear to be well in hand. On most of these lines more switching crews were working Thursday than at any time since Sunday. In nearly every yard freight is moving, apparently at least 50 per cent. The strike is beginning to fade."

These claims, of course are met by loud guffaws from the strikers. They claim that not only have there been no desertions from their ranks, but that their number is being augmented hourly by desertions from the brotherhoods. They also deny that there is any movement of freight in the yards.

Appeals of the old union chiefs to induce the strikers to return to work were futile. A meeting at which Samuel E. Heberling, international president of the Switchmen's Union of North America, made such a plea, was typical.

"The strike is illegal," declared Mr. Heberling after a prolonged greeting of cheers and hisses. "You can't go away with it. Do you think you are bigger than the United States?"

"Yes," shouted his five hundred hearers in chorus.

At several of the meetings men known to members of the I. W. W. addressed the strikers and were loudly applauded. At one such meeting John Krietz, a switchman, who arose and urged his fellows to return to work was shot. He was spirited away before the police arrived.

"That's good stuff" was the comment of "Big Bill" Haywood, head of the I. W. W., when told of the progress of the strike. "The boys will keep it up until they get the country. My hope is that the strike will put Chicago out of business."

CUBAN SUGAR UP 200 PER CT. FROM LAST YR.

WASHINGTON, April 9. — No relief from the prevailing high prices for sugar may be expected from the Cuban crop by the American consumer, according to a cablegram received today by Senator McNary, Republican, of Oregon, from President Menocal, of Cuba.

"The sugar market unsteady," Menocal cabled. "Impossible to fix price including all sale. The April price, f. o. b. for Cuba 13.83. Crop will be largely reduced by continued lack of rain."

"The average price for last year's April Cuban sugar price was about 4 1/2 cents."

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a sour headache, or if your meals sour and ferment, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health. Little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in shallow, pimply complexion, in lassitude, bad breath, and in that word so often used, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her case do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin, which can be bought at any drug store, is also a very sterling first-aid in colds, fevers and other sudden ills

that make it advisable to always have a bottle in the home. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

WEAKNESS RELIEVED BY "BALMWORT"

Many men and women gain no strength. The least exertion tires them. Dull aches, pains like rheumatism, depression, or blues come easily. Ambition and energy are always at low ebb. What is the cause? The cause may vary—but if the Kidneys and Bladder are not doing their work perfectly—you can make a bet—that's where the trouble lies. This lady suffered 12 years: Mrs. E. Klipp, 644 W. 12th St., Oak Park, Ill. writes: "Your Balmwort Kidney Tablets certainly have done wonders for me. I have been ailing for 12 years with Kidney and Bladder weakness, but feel like a NEW WOMAN NOW." All druggists sell them.

A LEGISLATIVE LYNCHING

THE recent action of the New York state legislature in expelling five Socialist members has raised a political issue in this country which transcends in importance anything that has been offered by any presidential aspirant in the way of an issue.

According to Speaker Sweet and his legislative subjects, the only remedy for political discontent displeasing to a majority is FORCE. No matter about so trifling a thing as constitutional guarantees. When a majority decides on a certain course law is thrown into the discard and constitutional avenues are closed.

Manifestly, there can be no free government, no self-government on such amazing terms as the New York legislature has laid down. No anarchist, no Red plotter ever dealt the fundamental principles of Americanism such a blow as it has received at the hands of a subservient legislature.

Regardless of the pleas of the pulpit, the warnings of the greatest lawyers at the New York state bar and the denunciations of the press of the state, Speaker Sweet carried out the course he decided upon at the outset and for the first time in America a legally constituted law making body turned an architect and decided that minorities have no right majorities are bound to respect.

It goes without saying that these Socialist legislators will all come up again for re-election and it does not take much of a political prognosticator to predict vindication at the polls, not for the political and economic views they

hold, but for the most elementary principles of law and justice and fair play. Already the New York World declares unequivocally that it will support them and two other leading New York city papers have said as much. On the day following the grotesque expulsion of those men The World said editorially:

"The legislative lynching that took place yesterday in Albany was decided upon nearly three months ago when Speaker Sweet suspended five Socialist members of the Assembly on the ground that the platform on which they were elected 'is absolutely inimical to the best interests of the State of New York and of the United States.'"

"The hearing before the Judiciary Committee was merely a concession to form. Having set out to promote his candidacy for Governor by expelling the Socialist Assemblymen in proof of his militant '100 per cent Americanism,' Speaker Sweet was obliged to see the thing thru, in spite of the protests of bar associations and of the ablest and most responsible members of his party."

"It is not difficult for a Speaker to carry out such a program. He appoints the committees and is the master of legislation. No member who offends him is likely to receive much consideration on local bills, which are often the measure of his value to his constituents, and so the fiat of an arbitrary speaker easily becomes law."

"That is what happened at Albany, and by the irony of fate Mr. Sweet's program was consummated on All Fools' Day."

"The Constitution of the United States guarantees to every State 'a republican form of government.' That form of government has ceased for the time being to exist in New York. There can be no republican form of government when minority parties are arbitrarily outlawed, when representation is denied, when legally elected and legally qualified members of the Legislature are expelled because their political principles are offensive to the majority, when whole constituencies are arbitrarily disfranchised because they refuse to vote the way somebody else thinks they ought to vote."

"This is the negation of republican government. In effect it sets up the principle that minorities have no rights that majorities are bound to respect, that all constitutional remedies are denied to them and that they must resort to violence for the promotion of their political beliefs and for the redress of their grievances. Even the Kaiser never went as far as Sweet has gone. Even the Prussian Junkers were never able to throw the German Socialists out of the Reichstag."

"The action of the Assembly makes the re-establishment of representative government the vital concern of every man and woman in New York who believes in American institutions and is determined to maintain them. Under the law there will be no special elections to which the expelled Assemblymen can appeal, but there will be a general election in the fall, and so far as The World is concerned it intends to support these Assemblymen for re-election."

"During all the years of its existence this newspaper has been uncompromisingly opposed to Socialism both in theory and in practice; it remains uncompromisingly opposed to Socialism both in theory and in practice; but the political and economic beliefs of these five men have now become of no importance in relation to the vital issue that is raised by their expulsion."

"If the people of New York are to retain their free institutions, if they are not to be Russified by their stupid politicians, their first concern must be the restoration of representative government which was overthrown yesterday in Albany by the Assembly."

NEW YORK LETTER Day-By-Day

NEW YORK, April 2.—Those who were strolling around New York City yesterday will walk today? Always crowds, hurry and excitement. Wonder if most of the crowded streets come from the city. An old man run down by a motor. He is up and walking off a little dazed. Traffic sweeps on and now it's forgotten. Back home it would be a ten day sensation. Seems like I'm always hungry. Perhaps it is retribution. I once spurned a clerkship in a delicatessen shop.

Young shop girls cut for luncheon. Light of foot and laughing. Wish I could take a few of them to lunch without being called a flirt. Last night I played bridge with three old bums. All talked of gout, rheumatism and a bruised world. Today I want to daily by the babbling wells of youth. These new shoes are getting in their work.

Easter forecast in all the shops. Now for the lily profiteers. That was a nice letter I got today. And it came from Atlanta. But why didn't she sign her name. You can tell an Englishman by the slope of his shoulders. A fellow talking back to a bus conductor. Bravo! They won't let dogs ride in them any more. I'd rather ride with dogs than lots of other things. Another grave yard in a residential district. Ought to abolish them all. A relic of the dark ages. Never could tell a circus was in this town. If they'd let all the animals loose they wouldn't know it two blocks away. The only way to excite a New Yorker these days is to raise his rent. As Don Marquis says: "One half of the world doesn't know where it is going to live."

Over here on Park Avenue there is class. Imagine paying \$25,000 a year for an apartment. I've got a relative who retired on \$10,000 and his pension. No entrance except for motor cars. They've got me saying that. I mean automobiles. I suppose if a man would walk in one of those places they'd take him for a sneak thief.

Billie Burke's car. It's tan with tiny lavender stripes. Everybody rushing for the stations to get a seat home. Something about a depot that fascinates me. Makes me want to travel to strange places. Like Boston or India. Ouch! These shoes!

A frail little New York girl went into a 5 and 10 cent store the other afternoon to look at the counters. She suddenly felt a stinging pain in her back. Her dress and coat had been slashed by a "Jack the Slasher." There was a cry and a chase. A well dressed man was captured. He protested that he had joined in the chase and was mistaken for the culprit. He showed his business card and proved that he was an executive in a large banking house. Nevertheless he was taken to headquarters and it was discovered that once before he had been arrested on the same charge. But powerful influences kept him out of prison. He was permitted to go. He still retained his position. He is now under observation in Bellevue.

The shooting galleries that were so popular on Broadway during the war have all gone out of business. The proprietors say that the craze for shooting ended with the armistice.

THE JOLLIER

One can learn a great deal about the war now by going to a doctor's office and reading the magazines that are piled up on the good man's table.

The temperance papers now proudly

announce that the breweries are making ice, but they are not cutting as much as they did in the old days.

When a Coshocton man gets a summons to the telephone office these days to answer a long distance call the officials have to instruct him how to use it.

No one ever heard of tobacco making a man nervous, unless his wife objects to smoking and chewing.

One thing that always makes a woman thoroughly tired is to see a man making a fool of himself over another woman.

It does no harm to dream big things for your future, even if you never realize on them, for air castles are

always perfectly ventilated.

The woman who can't do even plain sewing can often ruffle her husband.

The ice man is already beginning to figure his booty in cold cash.

BACKED OUT FROM SELLING HIS FARM

Greene County farmer and orchard man changed his mind after he got able to do the work he had given up a year ago.

Stomach, bowels, kidney and liver had him discouraged. He took Drecto, the great medicine, and feels like himself again.

"I often said I would give half my farm if I could only get some medicine that would get my stomach, bowels and kidneys right again," said Mr. Wallace Berryhill, the prosperous farmer of Bellbrook, Greene county, O. "Years ago I visited down in Alabama and got pomaine poison from eating sea crabs and was years getting better, in fact, I didn't really improve fast till I got some of this Drecto. I feel so much better that I can hardly realize now that I had suffered for so long. All the pain and nausea in my stomach is gone; also that lump in my throat, and my stomach is flat instead of being bloated with gas. I am gaining in solid flesh, sleep all night long and don't have to get up one time with my kidneys. My nerves are under wonderful control and not many men of my age have the steady hand that I have. My bowels act regular every morning, which makes me feel good all day.

"Drecto is great to build up waning strength, for I am doing work on my place that I gave up last year, as beyond me. In fact, I had concluded to sell my farm and retire and was about to close the deal when I began taking Drecto and today I don't want to sell, for I am able to conduct my affairs as usual and I credit Drecto with all of this."

Drecto has won a great reputation by restoring old persons and those who are weakly, sick and rundown. Those who need a powerful tonic to build up their strength and get them in condition or who have deranged stomachs, weak kidneys, sluggish livers or shattered nerves should at once get Drecto.

Drecto is sold by all progressive druggists throughout the country and is being specially introduced in this city by Page & Lorenz.

NOTHING WRONG EXCEPT "RUN DOWN"

Heart All Right—Lungs All Right But Blood Weak.

NO ENERGY OR ENTHUSIASM

That's When You Need Pepto-Mangan The Red Blood Builder.

When you feel weak and almost sick see a doctor and find out what is wrong.

It may be a serious illness. But in many cases the doctor finds nothing really wrong except a general run-down condition due to the need of stronger, richer blood.

For over thirty years physicians have recommended Gude's Pepto-Mangan to restore weakened blood to its normal healthy state.

Pepto-Mangan imparts to the blood the elements it needs to build up vigorous men and women. Children whose blood is impoverished become listless and pale and fail to romp. Pepto-Mangan creates a supply of nourishing red blood that makes the cheeks glow, the eyes sparkle and brings back the energy for play or studies.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's". Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.—Advertisement.

PALMER MOVES TO CHECK CORNERING OF CORN MARKET

CHICAGO, April 8—Attorney General A. Mitchell Palmer today sent instructions to U. S. District Attorney Charles F. Clyne here to prosecute to the limit, on criminal charges any persons shown by evidence to be connected with the "cornering" of the alleged "corner" in corn.

The instructions from Mr. Palmer were received while the federal grand jury and government officials were checking over the books of nine big grain concerns subpoenaed by Mr. Clyne on Wednesday.

At the same time it was revealed that indictments are to be sought not only against those who performed alleged overt acts in connection with the "corner" which culminated in the \$4,000,000 crash of Eugene M. Byrne & Company, but also against persons found to be in league with the few who engineered the manipulations.

FLU AND MEASLES AFTER EFFECTS WERE BANISHED

Nerv-Worth Did the Work for Mr. and Mrs. Craig, Guernsey, Ohio, R. F. D. One

Mrs. Craig stated the case a few days ago at H. H. Eagon's drug store, Newcomerstown, in the following grateful and convincing words:

Nerv-Worth Co.—After I had measles they left me nervous and dizzy. I saw the ad in the Newcomerstown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

MRS. E. M. CRAIG, Guernsey, Ohio, R. F. D. 1.

Druggist Eagon adds the following to what Mrs. Craig said: "Mr. Craig was also benefited very much while taking Nerv-Worth for after ailments of the flu."

SENATE PROVIDES TWENTY MILLIONS RIVERS, HARBORS

WASHINGTON, April 9. — A lump sum appropriation of \$20,000,000 for the maintenance of rivers and harbors during the next fiscal year was voted by the senate commerce committee this afternoon, an increase of \$3,000,000 over the amount provided in the rivers and harbors bill passed recently by the house. The committee decided to recommend the senate concur in the house decision that there be no new rivers and harbors projects embodied in the bill.

William Henry Harrison was the oldest man ever elected President of the United States and Theodore Roosevelt the youngest. Harrison had the largest family—six sons and four daughters—that ever occupied the White House.

After Grip, flu or colds, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys.

This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Auric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are diseased the blood is filled with poisonous waste matter which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of Auric Tablets.

GETS RELIEF AFTER HAVING BRONCHIAL TROUBLE 20 YEARS

Choked up so bad that you could hear him wheeze across the room.

COUGH WAS VERY BAD

"I've spent a lot of money trying to get relief from bronchial troubles and have paid some pretty high prices for medicine too, but never got as much good from all of it as I have received from just one bottle of Earle's Hypo-Cod."

"Of course I have only taken Earle's Hypo-Cod a little while," continued J. A. Taylor, machinist of the Penn. Ry. shops in Columbus. "But it works like magic and others who have noticed my improvement prove what I say."

"I had bronchial trouble and a bad cough and would get so choked up at times I could hardly breathe. I would choke up and wheeze so bad you could hear me clear across the room. I would cough and spit up so much phlegm it was awful and it made me actually vomit. For twenty years I suffered with this trouble, but during the last five or six years I have grown steadily worse until I was so nervous, weak and worn out with it I could hardly keep going. But that is an old story now," continued Mr. Taylor, "for since I've taken Earle's Hypo-Cod a few days even the dust and dirt around the shops where it flies thick and heavy doesn't bother me any more and my cough is practically cured. I'm gaining weight, eat hearty again. Breathe free and easy and my nerves are getting good. I never am choked up anymore and feel better than I have in six years. I got my brother to take some and number of my friends are also getting splendid results so when you ask me—I say—Get Earle's Hypo-Cod down at the drug store and it will do the work," continued Mr. Taylor, No. 6 Clark Place, Columbus, Ohio.

Earle's Hypo-Cod contains extracts of pure cod liver oil and every-body knows it is splendid for such troubles. It is the easiest of all known. Malt, iron, wild cherry bark, and syrup of hypophosphites, are all just what such a system needs. It is so nice to take it agrees perfectly with the most delicate stomach.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infected with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the

trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

PUSSYFOOT JOHNSON COMING TO STATES FOR LECTURE TOUR

COLUMBUS, O., April 9.—An announcement that William E. (Pussyfoot) Johnson is coming to this country for a three months speaking tour was made here today by officials of the Anti-Saloon League of America.

Johnson, who has won a world-wide reputation for being a "good sport" in connection with his traveling by medical students in London, England, early last fall, is scheduled to sail from Liverpool Saturday and reach New York April 15. Anti-Saloon league officials stated that Johnson will speak in a number of the large cities throughout this country, including New York and Chicago. His addresses will be in the interest of national prohibition enforcement and extension of prohibition to other nations. He will also spend some time at the league's plant at Westerville, near here, working on an encyclopedia on prohibition. Upon the completion of his speaking tour he will return to England.

HIGH SCHOOL LADS PLAY PRANKS WITH SCHOOL PROPERTY

FIQUA, April 9.—Eleven high school boys, many of them seniors, have been indefinitely suspended. The lads, it is claimed, confessed to entering the high school building at night, gathering all the books in the assembly room and placing them in one large pile in the center of the floor, and taking a skeleton out of the museum and placing it in the ventilator shaft with a cigarette in its mouth. The boys, also, are charged with moving several animals from the museum into the halls and changing desks in the rooms.

An uproar among the students occurred the following morning, none of the students being able to find their books.

BOTH SIDES WANT NEW TRIAL WHEN VERDICT'S BROT IN

MARION, O., April 9.—Today the attorneys on both sides served notice that they would file motions for a new trial in the \$50,000 heart balm suit of Mrs. Sarah Ullmer, 50, divorcee, against Dr. J. J. Lower, 65, a J. J. after deliberating two hours and twenty minutes last night, having returned a verdict of \$100 in favor of the plaintiff.

Mrs. Ullmer claimed that Dr. Lower, who was divorced from his first wife, took her to Columbus, Marion, the Snow Islands and other places, where he introduced her as his wife, saying that she accompanied him on his promise of marriage.

TABOR CHARGE IS NOW MANSLAUGHTER

PAW PAW, MICH., April 9.—A charge of murder against Mrs. Sarah Tabor in connection with the death of her daughter, Mrs. Maude Tabor Virgo, whose body was concealed for nearly four years in the Tabor home, was dismissed in the circuit court here and a charge of manslaughter placed against her instead. Justice Rowland dropped the murder charge, following a motion by Attorney Getcham for Mrs. Tabor in which it was argued that testimony given at the preliminary hearing showed that the young woman's death did not result from an overdose of chloroform.
